way 421 to Winston-Salem

Nine Miles Out

See INDEX, Inside Back Cover

**PRICES** in this catalogue cancel all previous lists and quotations, and are subject to change without notice.

**"3 TO 4 FEET"** means that the tree or plant will be 3 feet or over, but under 4 feet; and throughout the list the same.

**STOCK SPECIALLY SELECTED** by customers at the Nurseries will be charged according to the value of the stock chosen, irrespective of catalog price.

**VISITORS WELCOME.** You are invited not only to visit the office, but to go over the extensive grounds as well. There are more than five hundred acres in the farm.

**OUR LOCATION.** We are nine miles out on the Friendly Road Extension and Winston-Salem highway, U. S. 421, adjoining the Airport. Our shipping point is Guilford College, N. C.

**PRICES INCLUDE PACKING, EXCEPT ON SPECIAL BULKY PIECES,** for which cost of packing will be extra, and f.o.b. our shipping station, or for local delivery on our regular routes.

**TERMS, CASH WITH ORDER,** except to persons who satisfy us as to their responsibility, when for their convenience accounts will be opened, due in 30 days from date of invoice. Overdue accounts, interest 6%.

**AUTO-TRUCK DELIVERIES,** based on actual cost, are made within a reasonable distance of our Nurseries. The advantages of truck delivery are many. Boxing is eliminated, stock arrives in much better condition, and the goods are landed on the ground within a short time after being dug.

---

**REPLACING.** When stock is delivered in good condition, our responsibility ceases. However, if it has been properly cared for and the bill paid as agreed, we replace all dead plants at half list price.

**GUARANTEE.** Lindley Nurseries, Inc., exercise the greatest care possible to keep their varieties true, and hold themselves in readiness to reship any tree or plant that may prove otherwise, or refund the original sum of money paid therefor, if reported to them within five years from date of order. It is mutually agreed that they are not further responsible in any case. We furnish with each shipment a certificate that our Nurseries have been examined by the State Entomologist of North Carolina and found free from contagious diseases.

## RAMBLERS

Usually blooms only once, with a very heavy crop of bloom in the early spring. Foliage much more dense than the "Climbing" type.

**Dr. W. Van Fleet.** Very vigorous climber with dainty flesh-pink flowers. Good foliage.

**Mary Wallace.** Bud large, flowers very large, semi-double, lasting, rose-pink. Foliage abundant, glossy, rich green. Vigorous.

**Pauls Scarlet.** Flowers medium size, semi-double, lasting; vivid scarlet shade. Strong, hardy.

**Silver Moon.** Bud large, pointed flowers very large, semi-double, lasting, creamy, white, in clusters. Abundant large dark green foliage. Hardy.

**Wichuriana.** Foliage evergreen. Flowers single, pure white, borne in July and August.

These September days give me what my Quaker friends call "a concern" about the importance of the garden in the general scheme of preparedness. There is abundant evidence that the building program for tanks and planes and guns and submarines can't really flourish without the mental and spiritual relief that trees and roses, plants and flowers can give.

"We do not fight wars with roses," writes a German friend. "Give us bread but give us roses" sings a poet.

The plantsman is promoting freedom and democracy as he redoubles his efforts to make homes and roadways restfully pleasant. At the Mount Pleasant Press we dwell on this thought, and I insist that gardening has a sound relationship to the democratic way of life.

J. HORACE McFARLAND, Harrisburg, Pa.

A garden on the grounds of Mr. Julian Price, president of the Jefferson Standard Life Insurance Co., Greensboro, N. C. We have landscaped the grounds of many other prominent people here and elsewhere.

**LANDSCAPE DEPARTMENT:** We are prepared to render you every help needed to make your place outstanding in appearance. Our landscape architects are men of training and experience and know Southern plant material and what to do with it to get the best artistic results for you in improvement of your place. Not only do we offer plans and plants, but actually set the plants on your lawn within a reasonable distance. All at lowest cost possible for the class of work done.

We appreciate the services rendered by Mr. Young.  
Raleigh, N. C.

I wish to assure you that both Mrs. Marlowe and I are very much pleased with the shrubbery which you furnished, as also the attention given the matter by your Mr. Ramsay. We feel that he did an excellent job.

**TOM A. MARLOWE, High Point, N. C.**

I feel like I would like to tell you Mr. Crichton and I are very much pleased with the planting which Theodore Pope did at our new home. The arrangement of plants is decidedly unusual and is most attractive.

**MRS. R. H. CRICHTON, Lumberton, N. C.**

Let me thank Mr. Pope for all the help given me getting just what I want.

**MRS. GAZELLE L. RIDDLE, Hickory, N. C.**

Enclosed please find check. We are so pleased with the work you have done, and wish to compliment you and your Mr. Ramsay and corps of planters.

**M. H. S., Durham, N. C.**

I am enclosing herewith my check to cover final payment of bill rendered. I should like to take this opportunity to express my appreciation for the fine job you have done. Not only has the work itself been satisfactory, but it has been a pleasure to deal with an organization which cooperates with its customers in the way you have done.

All stock received was very satisfactory indeed.

HERBERT A. HOLSTEAD, Mooresville, N. C.

Mr. and Mrs. Thompson are very well pleased with their stock, and will advertise it among their friends.

RALPH DIXON, Monroe, N. C.

I'm enclosing check to cover cost of Shrubbery. I can't tell you how grateful I am for the favor.

Joe supervised the planting of it Saturday, and it really looks swell. We are mighty proud of it.

Thanks again, and come down to see us—and the planting.

Eloise.
